Kindy in Term One

REFLECTIONS ON ALL THAT HAPPENED IN TERM ONE

As Term One comes to an end, we reflect on all the excitement and joy that was in our kindy classrooms during the first term of the year. LEAD Childcare is proud of the kindy programs that we run, which prepare your child for a successful future.

The kindy stage of a child's development is focused on improving skills such as building independence, making friends, boosting self-confidence, and fostering a love of learning.

For many of our kindy children, this would've been their first term transitioning from pre-kindy to kindy. Our educators work hard with families and children, preparing them for this transition. These transitions help children develop their confidence and embrace new learning experiences. This is how we support transitions at LEAD Childcare

- Individual support to match each child's pace
- Familiar faces to ensure comfort and stability
- Open communication with families and peace of mind
- Celebrating milestones as we go!

Murrumba Village Open Day

CONGRATULATIONS, WE ARE SO PROUD OF YOU ALL!

In term one Murrumba Village hosted their first ever Open Day! The day was filled with laughter, joy, and wonderful moments. We were so happy to showcase our amazing centre with our local community.

The amazing experience was put on thanks to our amazing LEAD Legends! Especially Amanda and her outstanding team, who organised a fantastic event.

Festival of Colours

In term one, LEAD Childcare Mango Hill Village was bursting with colours as we celebrated Holi, the festival of colours! Our educators and little learners had an amazing time exploring colours, and learning about the true meaning of the festival.

Weathering the Storm

Cyclone Alfred was a challenge to many of our centres but LEAD Childcare staff do what they do best and rise above expectations. It was an incredible effort by all in ensuring our centres remained in operation. Giving stability to families in a time of need.

Teaching with Intentions

Our educators consciously plan and engage in teaching practices that actively support and enhance learning. Daily experiences are crafted with clear goals in mind to ensure that children are learning skills for life.
